AUTUMN ATHLETICS

CONCORDIA SKI TEAM 1988

1988 is the year of the XVth Winter Olympic Games. Many people consider the Alpine sports to be the greatest of all the winter competition sports. While the Canadians attempt to dethrone the Swiss in Calgary, the 1988 Concordia Yearbook salutes our own Alpine Team.

"OH, QUIT YOUR SNIVELLING! YOU KNEW YOU'D HAVE TO PAY BACK YOUR STUDENT LOAN WHEN YOU GOT IT!"

Brian Cooke
#7 CONCORDIA

"Now we will discuss our term paper. It should be about 50 pages single spaced, with a 2" margin on the top and a one and a half inch margin on the side. I want it to be in a 3 hole binder with a cute little label on the cover. It's due tomorrow. There's after our 3 mid-term exams we really begin to work. I want your blood, limbs, your organ donor card, your car registration, your TV and VCR, your sanity, your money, your virginity. I want your mother to come in on tuesdays to clean my house. I want you to clean my car do my taxes and - by my wife her birthday - use a cup of coffee and 2 sugars when so get cracking".....

CONCORDIA SKI SALE

Please tell me - that's if you don't mind
 Me asking - how am I to find
 The holes and corners where you hide?
 I searched the lesser Campus, tried
 The Circus Maximum and the shrine
 Of Jupiter on the Capitoline,
 Combed all the bookshops, then waylaid
 The girls in Pompey's colonnade,
 Begging for you, but met wide-eyed,
 Innocent looks on every side

THE GARNET KEY SOCIETY

The highest honour that can be bestowed upon a student of Concordia University is membership in the Garnet Key Society.

The Society's purpose is to act as a service organization for the university. Society members act as representatives of Concordia at important functions such as convocations, concerts, press conferences, lectures, and the welcoming of dignitaries.

Representatives of the faculty and leading students annually select the key members on the basis of character, contribution to the extracurricular life of the university, and academic standing.

"Ohmigod! I have to be downtown in 30 minutes. That means I have to use the Shudder er SHUTTLE BUS!" Every person who has something to do with Concordia, has, at sometime, used the shuttle bus. Now whenever you look at these pictures you can relive that memorable ride that connects the two campuses. Remember being able to count the bumps?

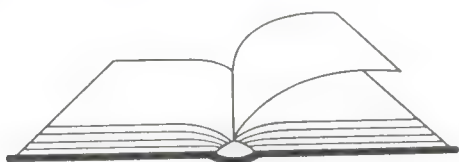

LIBRARY DEVELOPMENT

With the Loyola Campus' Vanier Library Extension almost completed, we thought we would take a look back at how it has arrived at its present state. And maybe we'll look at what will make the downtown Libraries possible future a reality. We can do it, so keep up the good work!

THE CAPITAL CAMPAIGN

*Daring to Excel
Oser se surpasser*

Inter-Fraternity Council President Annette Dickey last week presented Rector Patrick Kenniff with a cheque for \$500 as the IFC's 1988 contribution to the Capital Campaign. Pictured at right is Peter Viney, Chairperson of "Students for the Campaign." They are standing behind a mock-up of one of the visible results of the campaign - the \$4 million concert hall being built alongside the Vanier Library expansion on the west-end campus. The IFC donation marks the third time the umbrella organization has contributed to the Campaign. The IFC is composed of Zeta Tau Omega Sorority, Alpha Chi Sorority, Theta Sigma Fraternity, Omicron Fraternity and Tau Kappa Epsilon Fraternity.

1987-88 FALL

CONVOCAÇÃO

A MESSAGE FROM THE RECTOR

Dear Graduating Class of 1988,

The 1987-88 academic year has been a remarkable one for Concordia University. Our \$50 million construction programme began with the expansion and renovation of the Georges P. Vanier Library; construction is also expected to begin on a concert hall on the West-end campus before the end of the year. In the next academic year, the long-awaited downtown library complex will get underway. The Concordia community rallied to support the University's demand for a more equitable funding formula and organized a Day of Action including a demonstration before the Québec National Assembly. Concordia gained international prominence for its pioneering agreement establishing a joint doctoral programme with an institution of higher learning in the People's Republic of China.

These landmark events in the history of our university stand as proof to you, the Concordia graduate, that we are constantly striving to develop Concordia and to promote its interests, thereby ensuring the growing value of your degree. We must continue to assume collective responsibility for increasing the quality of teaching and research at Concordia University and for improving the physical facilities in which they are carried out.

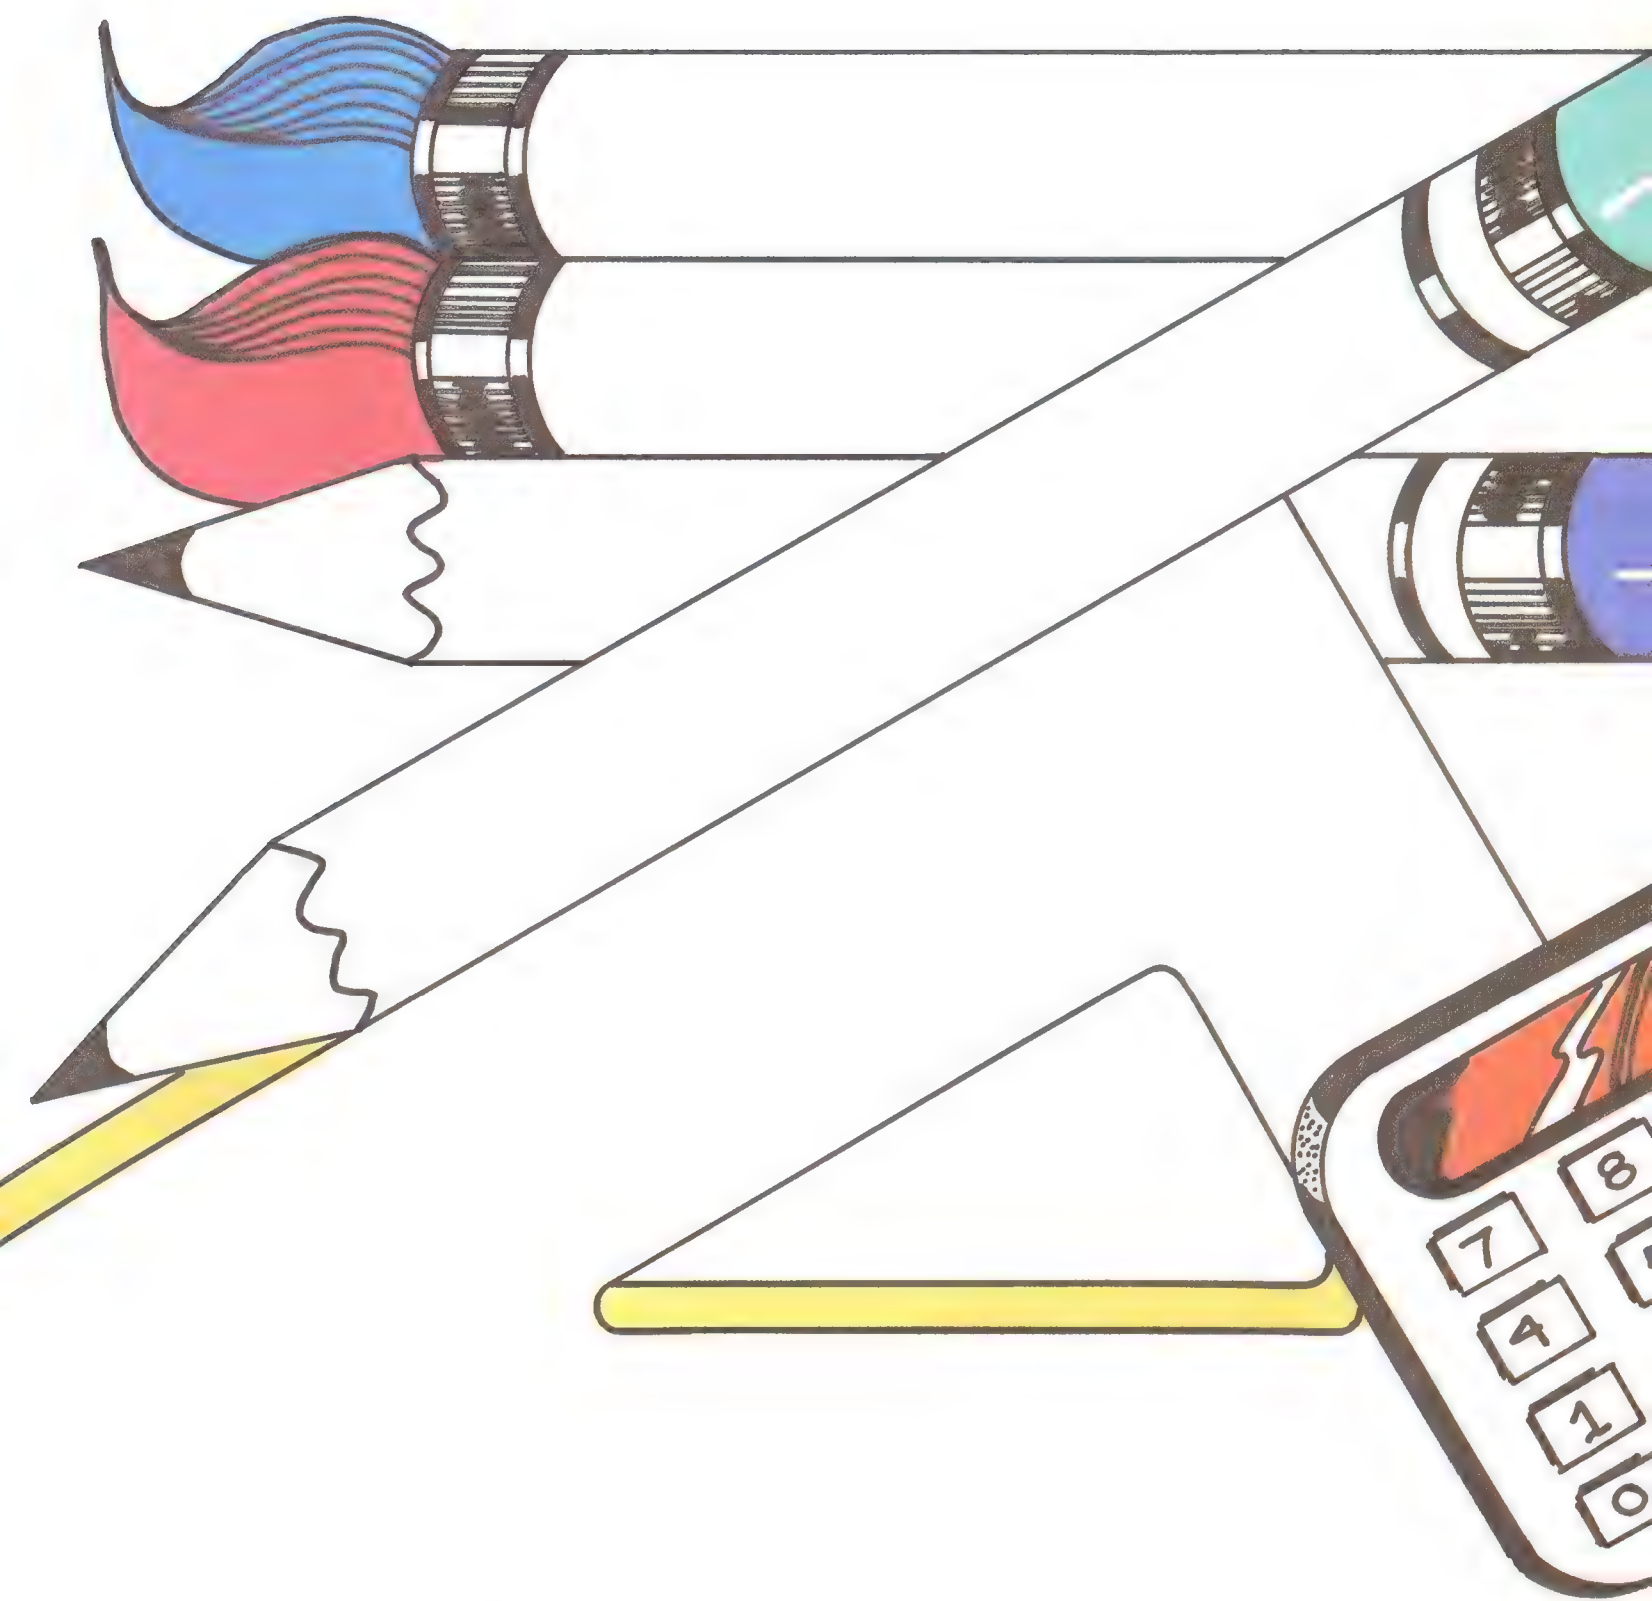

While it is too early to summarize your university experience, I hope that in the years ahead you will reflect upon it with fondness and appreciation, remembering it as a dynamic period which helped shaped your life.

Concordia has sought to challenge you intellectually and practically and to provide you with opportunities for learning and growth. These will be valuable to you as you pursue careers and lives in which the processes of learning and discovery will never cease.

If Concordia was successful, then you have learned to think critically and in an organized manner, you have learned how to conceptualize and to synthesize; you have broadened your perspective on any number of vital issues; and you are able now to adapt to the changes inherent in a high technology society. In short, you have learned how to learn. There is no greater benefit to be derived from a university education.

On behalf of the entire Concordia community, I congratulate you on your achievement and extend best wishes for continued success in your future endeavours. Concordia takes great pride and pleasure in sharing your success with you.

Patrick Kenniff
Rector and Vice-Chancellor

With Best Wishes for Success in the Years Ahead

DEAN OF STUDENTS OFFICE

The Concordia University Alumni Association

Making the Best University Better

Here's What We Do

Regular Contact:

Concordia University Magazine keeps readers posted on major developments at the university and some of the amazing things happening with graduates; news of coming events and other items of interest are also carried in the magazine or in supplemental mailings.

A Strong Voice:

Alumni concerns about university developments are voiced by representatives on the university's Board of Governors and in several advisory and decision-making bodies across the university.

Participatory Membership:

Graduates are asked to participate in freshman orientation programs, career workshops and in an increasing variety of academic and extra-curricular projects.

A Finely-Tuned Machine:

The association came into being in 1982 on the recommendation of the Sir George Williams and Loyola alumni associations. Its first objective is to create fellowship between the founding associations and to strengthen links with all graduates so that they can be a strong voice in shaping Concordia. Equally important is graduate involvement in advisory, fund-raising and student recruitment activity.

Graduating Class Officers: A vital part of the alumni are class officers who keep in touch with

members of their graduating classes through newsletters and social and working get-togethers. They are the key people for organizing class reunions.

Alumni Records: Graduates change their addresses an average of seven times in the first 10 years after graduation; postage costs have become horrendous and so it's important that you keep the alumni office posted on any change of address to avoid waste.

Chapter Network: There are now Concordia alumni chapters in Ottawa, Toronto, Winnipeg, Calgary, Vancouver, Victoria, San Francisco and Los Angeles, and new chapters spring up as demand occurs. Concordia, Sir George Williams and Loyola also maintain a busy schedule of activities in Montreal year round.

Le Vrai Peeling:

ANNA PEGOVA

AVANT

APRÈS

Ce message s'adress à tous ceux et celles qui sont aux prises avec un interminable problème d'acné.

Depuis l'adolescence, votre peau présente un acné persistant au visage, à la poitrine ou au dos et vous avez tout essayé sans résultat. Votre organisme résiste à tout traitement, même médical et en conséquence, vous perdez littéralement confiance en vous-même.

Pour vous venir en aide, il n'existe qu'un seul traitement internationalement réputé et offert au Canada en exclusivité au Studio Clavet. Il s'agit du merveilleux peeling Anna Pégova qui pendant une durée de 10 jours consécutifs renouvellera complètement votre épiderme pour faire place éventuellement à une peau saine, absente de boutons, points noirs, pores ouverts, etc.

Parfaitement sûre, le peeling Anna Pégova ne contient aucun acide (phénol, acide salicylique ou résorcine) si non une substance hautement bactéricide qui provoquera par surcroît une division cellulaire favorisant ainsi la disparition ou l'amélioration de vos cicatrices. En rétablissant le fonctionnement de vos cellules, vous laisserez donc une peau moins huileuse, très claire et lumineuse.

Pourquoi ne pas profiter de la période des vacances ainsi que du prix spécial offert aux étudiants pour vous offrir comme des milliers d'autres avant vous, le seul traitement qui saura de façon efficace mettre un point final à vos problèmes.

Pour obtenir une consultation gratuite ou pour de plus amples informations, veuillez communiquer avec le Studio Clavet dès maintenant.

ICAM

MANUFACTURING SOFTWARE SOLUTIONS

ICAM TECHNOLOGIES CORP.

would like to congratulate all 1988 graduates of Concordia University. We wish you well in all of your future endeavors.

If you have graduated from Mechanical Engineering, Computer Sciences or Industrial Engineering, your "future" might be present with us.

We are Canada's number one developer of CAD/CAM software solutions, and are proud to say that it is young men and women such as yourselves who have helped us become that way.

We are now looking for Systems Software Programmer/Analysts and CAD/CAM Applications Representatives. If you think you can help us - we can help you.

Send your resumé today.

NO GUTS NO GLORY

The Gutless Lion in the Wizard of Oz could not have sold revenue property in our day and age. Timid qualities in our business is a liability.

Selling revenue property requires a skilled negotiator. The sale or lease of any immovable is very intricate, and is extremely more complex than selling a car or refrigerator.

A Toron sales representative is prepared to roll up his sleeves and fight tooth and nail for his client.

The Gutless Lion is afraid and backs off.

We, the professionals at Toron have no fear and take pride in ourselves by always getting the job done.
